This "RIGHT HAND RECORD AND READY REFERENCE," which made its *debut* last year, met with such a cordial and favorable reception, that I feel warranted in issuing a new and revised edition. Leading advertisers have used it with such acceptance that the burden of their letters is, "we do not know how to get along without it." I am therefore fully justified in repeating the assertion I made in the opening paragraph last year: "That it will occupy a position of honor and confidence with every one who is at all systematic in advertising, *is without doubt*, and a single glance will convince any one of its utility." No time or expense has been spared to make this as near perfect as human works can be, and I feel sure that it stands to-day the most complete record of the newspapers of the *whole world*, in existence.

Circulations. As before, circulations have been carefully *sifted* from the best informed sources, and, in placing several large advertising contracts during 1879 (which went into nearly every paper in the United States), I made special effort to obtain from the publishers *accurate* statements of circulation, all of which I have on file. The marks at the head of each page, viz:

* Sworn.	Plain Figures, Estimated.	P Patents or Co-op's.
† Claimed.	——— Publisher objects.	For others see 2d p. cover.

explain themselves, except where figures could not be obtained, or where I deemed the statements not trustworthy; in such cases I have left a blank space. Those *sworn*, mean business, and those *claimed*, of course, stand on their own basis, but in nearly all cases I believe them to be fair statements. The *estimates* may be high or low, but they are very nearly correct. As a general thing, where a publisher "objects to stating circulation," it is, no doubt, so small that he is justly ashamed to give it. Some, like the *Independent* and others, claim that their circulation is their "own private business," with all which this claim implies. In *marked contrast* to this class, are those publishers who give their actual circulation at the head of their columns, and support the statements so made with affidavits or the giving of advertisers every opportunity to investigate and prove figures. In nine-tenths of the cases, circulation should govern the price of advertising.

Advertisements. As a help toward the great expense of compiling and publishing, a reasonable number of advertisements of newspapers have been admitted, but in no case has the inserting of an advertisement, or the refusal to give an order for one, been allowed to influence the stating of circulations. These advertisements commence on page 220 and occupy every alternate page, until finished. While they thus have more prominence than if grouped together in the back of the book, they do not in any way obstruct the easy use, or destroy the harmony of the work. An italic line will be found under most of the papers so advertised, calling attention to the page on which their announcement appears.

Co-operative Newspapers. All of these are placed in the body of the work, this year, (instead of grouping at the end, as last,) in order to show them in their proper place. They are plainly marked with a cap P, and were corrected up to the time of going to press.

Arrangement. The change from geographical to alphabetical arrangement will save a vast amount of hunting and looking up indexes. The population is from the latest figures. The initials C. H. following the name of a town, signify Court House or County Seat. The lists are revised to February 1st. A brace } signifies that although papers differ in name they are published by the same firm. Blank spaces have been left at end of States, where practicable, for memorandums, and a few full pages have been inserted for similar purpose.

AMERICAN NEWSPAPERS.

INTERESTING FACTS AND FIGURES.

There are catalogued in this book 10,131 American (United States and Canada) newspapers; 899 dailies; 8,428 weeklies, tri-weeklies and semi-weeklies; 804 monthlies and semi-monthlies.

The total circulation of a single issue of each of these papers (omitting 1,920 not given) reaches the enormous aggregate of 20,677,538 copies, divided as follows: dailies, 3,540,156; weeklies, tri-weeklies and semi-weeklies, 13,511,424; monthlies and semi-monthlies, 3,625,958.

This is an average of 2,041 to each paper for a single issue, and taking all issues of the whole for one year, a grand total of 1,836,473,592 copies.

Taking ordinary 40 lb. newspaper at its average measure of 4,000 sheets (solid) to the foot, one issue of all these piled up would measure 5,170 feet (nearly a mile) in height, or for a whole year 459,119 feet (over 87 miles) high.

Counting them all at the average size of 27 x 41 inches and placed end to end, one issue would extend 70,648,255 feet (13,380 miles); for one year 6,274,618,106 feet (1,188,374 miles), or over 47 times around the earth, and five times the distance from the earth to the moon.

In a thousand ems of type there are nearly 2,000 different pieces, and in an average four page, eight column paper, set in solid brevier type, there are 148,000 ems (about 450 lbs.), or 296,000 types in one newspaper.

To print one issue of the total 10,131 papers of this average size, there must be handled nearly five million pounds of type, or 2,998,776,000 types. The total number of editions of all these dailies, weeklies and monthlies for one year would make 724,796 and to print them, occasions the handling of 2,173,499,849,696,000 types.

These averages are minimum rather than maximum. There is usually twice as much type, at least, in an office as will set the paper, consequently for this purpose alone, there must be ten million pounds in use, the value of which is about five million dollars.

 See tabulated statement on sixth page. .

FOREIGN NEWSPAPERS.

The enterprise of a country is most quickly made known and seen through its newspapers, and to this end I have deemed it of sufficient importance to add a carefully revised list of *all the leading newspapers of the world*, outside of the United States and the Provinces, which will be found on page 423. We are accustomed to think that America produces the largest and best newspapers, but there are papers published even in Australia, which would put many of our publishers to blush, both in typography and enterprise. This department will, I am sure, be appreciated by those who wish to use it in a business way, and as a curious study by those who do not.

ESTIMATES FOR ADVERTISING.

EXPERT SERVICES FREE.—I will furnish estimates showing the cost of advertising in any number of newspapers free of charge. Make no contract without getting my estimate, as my superior facilities, special arrangements with publishers, together with light expenses (when compared with the agencies in the larger cities) combined, enable me to give figures and services which will be satisfactory in every respect. Selections will be made adapted to any particular business, or for any section of a State or the country.

Printed proofs of advertisements are made without charge, and thus the advertiser can see before giving an order, just the style and space the copy will make. My printing office has a large and complete outfit, and is fitted up for this special purpose, doing no outside work. Special designs gotten up to order. In asking figures, state names of papers, or section of country you desire to cover, length of time advertisement is to run, send copy and indicate the space.

KIND WORDS.

It is said "kind words never die," and surely newspapers and advertisers have been lavish of them in speaking of this agency, and the sense of satisfaction they have in the services rendered by me. I am not insensible to the fact that I have endeavored to serve both advertisers and newspapers just as they deserve, aiming at all times to be square and above board. How I have succeeded I leave it for others to say, and if there are any who cannot thus speak from personal experience, it is certainly the time for them to begin and find out. Scattered through the book from page 224 will be found occasional half pages on which will be found "kind words" in profusion from all quarters.

I am constrained, however, to give in their entirety, three letters recently received, which alone ought to satisfy the advertising public *as to where to go for business.*

OFFICE OF HOP BITTERS MFG COMPANY, }
50 MILL ST., ROCHESTER, N. Y., Dec. 20, 1879. }

H. P. HUBBARD:

Dear Sir—We have decided to give you for the year 1880, the exclusive control of our advertising under the same arrangement as during the year past. *Effective newspaper advertising is a trade which you have thoroughly mastered*, and I must say that the skill and judgment you have shown in placing our advertising to the amount of over \$100,000 (which has brought such valuable results), warrants me in saying that our company is perfectly satisfied with your services.

Yours truly,

A. T. SOULE, President.

OFFICE OF WELLS, RICHARDSON & CO., WHOLESALE DRUGGISTS. }
PROPRIETORS OF KIDNEY-WORT AND PERFECTED BUTTER COLOR. }
BURLINGTON, VT., January 12th, 1880. }

H. P. HUBBARD:

Dear Sir—We would like you to understand our satisfaction at your method of doing our advertising of "Kidney-Wort" and "Butter Color" for the past year.

Your services and advice as to *where* and *how* to place it, has proved to have been well given. The advertising is doing us good service and we expect even larger returns in the future.

We will now say, what will undoubtedly be more interesting to you, that we intend enlarging our operations very much this year and hope to make arrangements with you to continue in charge of the entire business. We shall be ready soon to give you the particulars and would be glad to have you visit us.

We are glad to learn that you are at work on a new edition of your "Right Hand Record," that will embody the improvements of which you told us when last here. Every careful advertiser wishing to systematize his business will find it indispensable and worth much more than your price for it.

Very truly yours,

WELLS, RICHARDSON & CO.

OFFICE OF THE BROWN COTTON GIN CO., }
NEW LONDON, CONN., Feb. 21, 1880. }

H. P. HUBBARD:

Dear Sir—* * Our experience of several years with you, in the advertising line, and every other for that matter, has been in every way satisfactory, and we are prepared to endorse almost anything that may be written or said in your favor.

Yours truly,

BROWN COTTON GIN CO.

E. T. BROWN, Treas.

I take pleasure also in referring to some of the other larger advertising houses in the United States, who are my customers. A few of whom are James Vick, of Rochester, Pond's Extract Co., and Dr. Tutt, of New York, Joseph Burnett & Co., of Boston, Graefenberg Co., of New York, Fleming Brothers, of Pittsburg, Pa., Gargling Oil Co., of Loekport, New York; and the fact that I have placed, and continue to place, "ads" for these and many other prominent advertisers, is a sufficient commendation of itself.

BRIGHT THOUGHTS FROM THE FRATERNITY OF ADVERTISING AGENTS.

Circulations.

Speaking in regard to circulations, I wish I could feel the same confidence about the circulations set against the publications in my catalogue. I have done the best I could after twenty-five years' experience, but I know there must be a great many errors in the figures. No doubt I have marked some too low, but almost all too high; for circulations are, as a rule, overstated. I have not intentionally done so, and no one is responsible for the figures given but myself. I give my opinion about circulations for what it is worth.—*Bates*.

Money Saved in Employing Agents.

It is a notorious fact that as soon as advertisers begin to do business through agencies their bills decrease in individual papers, and the amount saved is devoted to extending the announcement in other journals, procuring thereby a wider circulation. It is in recognition of this fact that some publishers decline allowing any commission to an agency on advertisements from those who have previously dealt with the paper direct. So thoroughly is it understood that no advertiser now deals direct who understands his interests, pays his advertising bills, and makes them pay him, that publishers often consider it an evidence of irresponsibility or incapacity for an advertiser to apply direct for terms of advertising. There are exceptions to this rule among the largest and oldest advertisers, who commenced business before the agency system was perfected; but it requires good credit and a well-known name to bring specific answers from publishers to applications for rates or even orders for insertion, as many an advertiser has found out to his chagrin, although classed in the mercantile books as of first rate standing.—*Rowell*.

Originality in Advertising.

There are hardly two advertisers who would be equally well served by following the same instructions, and one fruitful source of failure is the too common practice of imitating those who have succeeded in different times and under different circumstances. Originality in advertising is more important than in many other kinds of business, and the aim of all should be, how not to do their advertising like others, and by their peculiar method, attract more than an average amount of attention for the same investment. Those with limited experience are as likely to have original ideas as old advertisers who have gone on for years doing the same thing over and over again. Try and originate some new idea to make your announcements conspicuous in the papers, and if found feasible, you will have so much of an advantage over your competitors.—*Chesman*.

Four Cardinal Points.

1. If one has a good thing, which the people really need, the more widely he makes it known the larger will be his sales; he will gain nothing by economizing in this matter, provided he advertises with good judgment. 2. No one need expect to do a brisk and extended business, in these days, who fails to advertise, and advertise freely. 3. It costs money, at the outset, to advertise, and one must not expect to do this effectually for little or nothing. But, if properly done, it will pay in the end. 4. Papers differ from each other greatly in their advertising rates. The cheapest kind of advertising is often the dearest. Papers whose rates are the highest, as a general thing, give the most value for the money they demand.—*Pettengill*.

Continuous Advertising Pays Best.

A small sum of money, JUDICIOUSLY INVESTED, will pay the same ratio of profit as a large sum, but the papers must not be scattered, unless the aim is to reach a special class of readers. Select such territory as your capital will enable you to work thoroughly, and when you receive satisfactory returns from it, enlarge your field. Nearly every business has its "dull season," during which a good advertisement will do faithful work, day and night, rain or shine, in familiarizing consumers with the name, location, and specialties or advantages of the advertiser, so that when the time to buy comes, he reaps the benefit of his seed-sowing, unless he has made the mistake of stopping his advertisement, and it cannot be found when the would-be purchaser looks for full particulars. Continuous advertising brings much larger returns, in proportion to the outlay, than periodic or spasmodic advertising.—*Dauchy*.

Why Papers favor the Agent.

Of those advertisers who believe that they can obtain the same net terms direct as would be accorded to the agency, we ask, is it reasonable that publishers should extend as good rates to an advertiser who expends \$5,000 a year as to an agent who forwards \$50,000 a month? If any one is to be pleased or catered to, is it not, under the circumstances, more likely to be the agent? Would seven thousand publishers contribute free their periodicals from year to year, the subscriptions upon which amounts, taking dailies, weeklies, and all, to more than \$20,000 per annum, and then set about undermining the institution for the support of which they have paid so much? Is such a supposition reasonable? The truth is that between the best class of agencies and the publishers there is no competition. On any considerable order, the agent, by taking advantage of every point in the advertiser's favor, is *always* below the aggregate price obtained by application to publishers.—*Rowell*.

Cheap Contracts and Hard Bargains.

I used to think I knew a great deal more as to what every advertiser ought to do than I do now. But one cannot be mistaken in insisting that—as in all other things, so in newspaper advertising—the best is the cheapest. I have expended a great deal of money for a great many extensive advertisers, and it is not my experience that those have been the most successful who used poor newspapers because they seemed cheap, or drove hard bargains with the good ones. To a certain judicious extent liberality is profitable, and an advertiser may miss his aim by a kind of narrowness of view and action, and show a good deal of skill in tucking away his money in cheap contracts, as if the object of advertising were to do it so economically that it will not be found out one is advertising at all.—*Bates*.

Concentration Reduces the Expense.

There is no objection to a man's doing his own advertising, if he thinks best; neither is there to his acting as his own postmaster, and carrying his own letters to their several places of destination, instead of sending them through the mails; making his own hats, and shoes, and doing directly himself all that he requires, according to the primitive method, before the division of labor, and the systematization of business. Perhaps, having come in possession of our Directory, in which so much information is given, he may be tempted to make the experiment. But experience will soon teach him, if he does not take our word for it, that we can do it better and cheaper, for him than he can do it for himself. It is our specialty. We can save him not only an immense amount of labor and trouble, and that, too, free of all expense to him for our services, but doing this business as it were, by the wholesale, we can, do it for less money, in the aggregate, than he would be obliged to pay to the publishers, who do not make to individual advertisers the discount they are accustomed to make to their agents.—*Pettengill*.

Which, Where and How.

Two things are indispensable to every business man: first, a good article which the multitude want; second, to apprise them of the fact in the shortest possible time and in the least expensive manner. The attainment of these objects is equivalent to success, and in securing them the proper economy of time is an important desideratum. The business man has the article which he believes the public want; and the question immediately arises: How shall it be made known? The answer is: THE NEWSPAPER. But which, and where, and how; and last, but not least, what will it cost? are correlative questions which require knowledge and experience, and cannot be so easily or quickly answered. This is the legitimate province of the advertising agent, and can be acquired only by years of special training, industry, experience and skill. In this capacity we offer ourselves to the advertising public, with full confidence in our ability to serve them.—*Dodd*.

Persistency Necessary to Hold the Fort.

There are but few lines of business in which success can be attained without the aid of the newspapers. There is nothing so effective in presenting the merits of an article as an attractive advertisement; it reaches many people whose attention cannot be commanded in any other way, and who are finally influenced by the repeated announcements of the persistent advertiser. By these means a demand can be created for special brands of even the commonest staple articles, for repeated inquiries from their customers will compel retail dealers to order the goods called for, and so that which has been long in the market, may be replaced by an article, possibly not any better, but the virtues of which are constantly before the people. Having established a trade, don't stop advertising, unless you are willing to lose the ground already gained.—*Dauchy*.

COMMENTS.

Below will be found the opinions of a few of the representative American advertisers and newspapers, of the value and need of this book.

"A Regular Yankee Notion."

The Hop Bitter Manufacturing Co., of Rochester, N. Y., say, "Simplification of all work is the great necessity, especially in carrying on a large advertising campaign, and your new book, 'Right Hand Record and Ready Reference' will do more to assist leading advertisers, than any list ever issued. It is a regular Yankee notion and will become in reality a 'right hand' for every one."

"A Good Idea."

Wells, Richardson & Co., Proprietors of Kidney-Wort, Perfected Butter Color, Leamon's Dyes, etc., of Burlington, Vt., say, "Your enterprise in issuing such a book will meet with its own reward and we doubt not that it will have, as it ought to, a very large sale. It is a good idea."

"A Great Necessity."

H. R. Stevens, Proprietor of Nature's Remedy, "Vegetine," of Boston, Mass., says, "The book is a great necessity and will be just what every leading advertiser will want."

"A Grand Idea."

James Vick, the celebrated Seedsman, of Rochester, N. Y., says, "That idea of yours is a grand one, and will save us and all other large advertisers a world of trouble. Would give \$5.00 for a copy if it was here to-day."

"Just what we Need."

L. H. Hurtt, Vice President of Pond's Extract Co., N. Y., says, "Your new 'Right Hand Record Book' will be just what we need, and the great wonder is how we have done without it so long."

"Of Great Value."

Dr. Wm. H. Tutt, of New York, says, "I fully appreciate the value of your 'Right Hand Record Book.' It will be of great value to the general advertiser."

A Dictionary Call.

G. & C. Merriam, the well-known Publishers of Webster's Dictionaries, Springfield, Mass., say, "Please send us one of your 'Right Hand Records' as soon as out, with bill of same. If it suits we may want more later."

"A Valuable Work."

Hostetter & Smith, Proprietors of Hostetter's Bitters, Pittsburgh, Pa., say, "Replying to your favor, desire to say, we believe your 'Right Hand Record' to be a valuable work."

"A Convenience."

S. M. Pettengill, Esq., the veteran Advertising Agent, of New York, writes a personal letter and says, "Right Hand Record is gotten up in good shape, and I should think it would be a convenience to advertisers."

"Indispensable."

N. B. Phelps, Esq., of New York, proprietor of Norwegian Balm, says, "Right Hand Record received; it will surely be of great use and convenience to advertisers. In fact something of the kind is indispensable to those who determine for themselves, where they should advertise."

"Well Gotten Up."

John Hodge, Esq., the enterprising secretary and manager of Merchant's Gargling Oil Co., of Lockport, N. Y., writes, "Your 'Right Hand Record' received, for which accept many, many thanks. The book is well gotten up and worthy the many commendations it is receiving."

WHAT ADVERTISERS THINK OF MAGAZINE ADVERTISING.

From Publishers of Webster's Dictionary, Springfield, Mass.

Dear Sir:—Your selection of Magazines for advertising is an admirable one, embracing, as it does, a large number of the best conducted and most widely circulated in the country. We find the list one of our best mediums for advertising.

Yours truly, G. & C. MERRIAM.

From Quaker City Stencil Works, Philadelphia.

Dear Sir:—I have tried all methods of advertising, and find that the magazines bring me better returns from all sections of the country than newspapers, and think them the best mediums, especially for articles generally purchased and used by the ladies.

Yours very truly, THEODORE RUE.

From S. Brainard's Sons, Music Publishers, Cleveland, Ohio.

Dear Sir:—We consider your magazine list the best and cheapest advertising medium in the country.

Yours truly, S. BRAINARD'S SONS.

From James Vick, Florist and Seedman, Rochester, New York.

Dear Sir:—I have always found the magazines the very best medium for advertising my business.

Yours, etc., JAMES VICK.

From J. W. Colton, Manufacturer of Flavoring Extracts, Westfield, Mass.

Dear Sir:—I think magazine advertising, taking your list of twenty-five leading magazines, a very valuable medium to reach the homes, and an appreciative class of patrons.

Yours truly, J. W. COLTON.

From Enoch Morgan's Sons, Soap Manufacturers, New York.

Dear Sir:—Our experience with your list of magazines during the two years past, has been eminently satisfactory, and regarding it as the "best," we unhesitatingly commend it to advertisers wishing to reach the better, i. e., profitable class of readers.

Yours truly, ENOCH-MORGAN'S SONS.

From John F. Henry, Wholesale Drug House, New York.

Dear Sir:—I have advertised several times in your list of magazines, and am happy to say that I consider them among the best mediums for reaching the better classes of society, and ladies and gentlemen of culture generally. In consideration of the very large aggregated circulation, the rates you have established I regard as very low indeed.

Yours truly, JOHN F. HENRY, per B. S. BARRETT, Adv. Dpt.

"Full of push and Enterprise."

One of the live men of New Haven, Conn., is H. P. Hubbard, the largest Advertising Agent outside of New York. Hubbard is a man full of push and enterprise. The only reason that Hubbard has not been elected Governor of Connecticut is because he has always preferred the pleasures of business to the rascalities of politics. Hubbard is the leading Advertising Agent of the New England States. Should any of our merchants or manufacturers desire to double their business, all they have to do is to make the acquaintance of H. P. Hubbard, of New Haven. They will find him a live, driving man, square as a brick, and like a kangaroo—always on the jump. The following letter, from the Hop Bitters Company, of Rochester, shows what kind of a man Hubbard is to "tie to:—"

ROCHESTER, N. Y., January 14, 1879.

H. P. HUBBARD, Advertising Agent, New Haven, Conn.:

Dear Sir—You have placed a large amount of advertising for us during the past year, and we are perfectly satisfied with your selection of papers, the prices you charged and the manner of conducting your business. We evidence this satisfaction by placing all our advertising business in your hands for the ensuing year.

Yours truly,

HOP BITTERS M'FG. Co.

As a postscript to the above, we would just mention that the receipts of the Hop Bitters Company now reach \$500,000 a year, while they expend on advertising at least \$100,000 a year, which is more than is now expended by any other advertiser in the country, P. T. Barnum not excepted. —Albany, N. Y., Evening Post.

I am the authorized agent to receive advertisements for all newspapers, and my *commissions* come entirely from the publishers instead of the advertiser. These commissions are paid the agent from the papers lowest prices; for getting the business and guaranteeing the payment; thus saving to newspapers the keeping of small accounts and many thousands of dollars loss from irresponsible customers.

Office of THE CINCINNATI TIMES COMPANY.

Cincinnati, O., February 2, 1880.

CINCINNATI DAILY TIMES.

ESTABLISHED 1836.

On the first of July last the price of the DAILY TIMES was reduced to twelve cents a week, and since that time the paper has been enlarged and improved in every respect. It is now the **LARGEST AND BEST TWO-CENT PAPER** published in the West. In consequence of these changes the circulation of the DAILY TIMES has largely increased, and is steadily increasing, as is seen by the following figures which show the number of DAILY TIMES issued each week, beginning January 5th (the TIMES has no Sunday edition):

Week ending Jan. 10, six issues, **72,464**
Week ending Jan. 17, six issues, **75,918**

Week ending Jan. 24, six issues, **80,484**
Week ending Jan. 31, six issues, **84,198**

The circulation has reached the point where we can confidently say that the family circulation of the TIMES exceeds that of any paper in the city. Any person who is interested in testing the accuracy of our statements in regard to circulation, is cordially invited to call at our office and every facility will be afforded for the examination of these figures. The TIMES is a large nine-column folio, and the only afternoon paper in the city that publishes Special and Associated Press dispatches. It has the patronage of all classes in a population of 350,000 people, and circulates largely in Ohio, Indiana, Kentucky and West Virginia, with those that are in direct communication with Cincinnati.

RATES FOR ADVERTISING IN THE DAILY TIMES.

Reading Matter, 50 cts. per line.	Wants, For Sale, Notices, etc., ... 8

DOLLAR WEEKLY TIMES.

ESTABLISHED 1842.

May 1st, 1879, we issued an announcement to our patrons stating that the rates of advertising for the WEEKLY had been reduced, and that active measures had been instituted to make the circulation of the Old DOLLAR WEEKLY TIMES greater than it had ever been before. We are now pleased to announce that we are printing **60,000** Copies of the WEEKLY TIMES, and the circulation is rapidly increasing. THE WEEKLY TIMES has a circulation unlimited by the farthest bounds of any State or Territory in the Union. It is as popular in the East or South, as in the North and West. Its patrons are confined to no party, creed or class. To Business Men, Manufacturers, Merchants, and others who wish to communicate with the tens of thousands of intelligent Farmers, Mechanics, Professional Men, and Retail Dealers, living in the almost countless number of towns and villages throughout the Middle, Western, Northwestern, and Southern States, the publishers confidently present a limited space in the columns of the WEEKLY TIMES, feeling sure that it will be acknowledged to be all that is claimed for it.

 The Publishers are willing to verify their statements regarding circulation to advertisers.

CHIEF AMONG STALWARTS.

"THE INTER-OCEAN,"

CHICAGO, ILL.

The Leading Republican Newspaper of the North-West.

DAILY, SEMI-WEEKLY AND WEEKLY.

THE DAILY INTER-OCEAN

Is the cheapest Morning Paper published in Chicago. In news-getting, editorial ability, correspondence, and everything that goes to make a FIRST-CLASS NEWSPAPER, has no superior.

THE SEMI-WEEKLY INTER-OCEAN

Is published each Monday and Thursday, and contains a compendium of the news of the world. An EDUCATIONAL DEPARTMENT has been added to this edition of the paper, and is very highly spoken of by the School Superintendents and Teachers. It is intended to fill a want long felt by persons interested in our Schools.

THE WEEKLY INTER-OCEAN

Has the LARGEST circulation of any Political Newspaper in the United States. The COMMERCIAL and AGRICULTURAL Departments are ably and carefully conducted, and are thoroughly reliable. "Our Curiosity Shop," Woman's Kingdom, and the Home Department will continue leading and interesting features. As a Political, Literary and Family Newspaper, THE INTER-OCEAN is unexcelled.

The following is a statement of the amount of postage paid by the leading Chicago papers for the entire year ending December 31st, 1878, on their DAILY and WEEKLY EDITIONS, and is a sure criterion of their circulation through the mails :

	Daily.	Weekly.
CHICAGO JOURNAL, - - - -	\$0,815.96	\$1,502.40
CHICAGO TIMES, - - - -	1,760.04	2,776.08
CHICAGO TRIBUNE, - - - -	1,875.26	1,310.36
CHICAGO INTER-OCEAN, - - - -	3,278.40	7,398.88

We submit the above statement without comment, other than to say that inasmuch as two of the papers named are larger and heavier than **The Inter-Ocean**, and as the amount of postage is determined by the weight of the papers, it follows that, to make the comparison more nearly correct, about 20 per cent. additional should be added to the amount paid by **The Inter-Ocean**, or the amounts paid by the *Times* and *Tribune* reduced in that ratio.

"Reliable and Trustworthy."

The Advertising Agency of H. P. Hubbard, New Haven, Conn., is one of the most reliable and trustworthy affairs of its kind in the country. Its advertisements are judiciously placed and all business engagements promptly met.—*Scranton, Pa., Free Press.*

I guarantee a prompt and strict filling of all orders, and will attend to them with all the care and attention that fifteen years' experience in the advertising line ought to give. I do not expect to get all the business there is done, yet I intend to have my share, if square honorable treatment and interesting myself in each customer's business can do it.

"Untiring in Effort."

Mr. H. P. Hubbard, manager of the Hubbard Advertising Agency, of New Haven, certainly practices what he preaches. He publishes regularly every month, a spicy and good common sense, eight page pamphlet known as "Hubbard's Advertiser." He spares neither time nor printer's ink to make his business known to the public. The agency is equally untiring in its efforts to best promote the interests of its patrons.—*Hartford Sunday Globe.*

The advertising you have done for us has been profitable to us, both in rates paid and in securing us business. We think we shall continue to send you our advertisements.—THE MIDDLETOWN PLATE COMPANY, Middletown, Conn.

"One of the Best."

Since this is the advertising age it is important for advertisers to know where to spend their money so as to yield the greatest income. To give this information, Mr. H. P. Hubbard, the well known Advertising Agent, New Haven, Conn., has published a pamphlet of 72 pages, in which he gives the names of the leading newspapers, their circulation, rate of subscription and advertising. To prepare such a list, and to classify the papers, as to States and character, must have required much time and thought, and illustrates the enterprise of the publisher. It cannot but be of great benefit to those who do business through agencies, and the Hubbard Agency is one of the best in the country.—*Dutchess Farmer, Poughkeepsie, N. Y.*

We desire to express our thanks for the judicious manner in which you have placed our advertising. We believe that you represent the best and leading papers of the country, and always insert our advertisements where we are sure to receive the most benefit for the money.—M. W. Dowd, Winsted, Conn.

"Perfectly Reliable in Every Way."

Our merchants who find it necessary to place their advertising in the hands of an agent, will find Mr. H. P. Hubbard, of New Haven, Conn., perfectly reliable in every way. He is prepared to serve the public in a satisfactory manner, having the confidence of the publishers of the leading newspapers throughout the country. We have done considerable business with Mr. Hubbard and have ever found him prompt and reliable. His catalogue is one of the finest issued, and contains an influential and widespread combination of newspapers.—*Allegheny, Pa., Mail.*

Hubbard's Advertising Agency.

We had occasion, recently, in the course of business, to visit the well-known Advertising Agency of H. P. Hubbard, Esq., of New Haven, whose prompt and straight-forward method of doing business has given his agency a favorable acquaintance among first class mercantile houses, who recognize the valuable advantages in a judicious use of printers' ink, throughout the country. It was a surprise to us to learn the volume of business done at this agency, and a real pleasure to witness the perfect system by which the numberless details are so easily and carefully managed. It will be interesting to anyone, particularly to a class of readers like ours, to be better acquainted with this system and some of its many advantages.

For example, a merchant desires to advertise some article in a hundred or more papers in different localities. He submits a list of these papers—with a copy of his advertisement,—to Mr. Hubbard's agency, and asks for the aggregate price of one or more insertions in all of them. This being promptly received and satisfactory, he gives the order to go ahead. A copy of the advertisement is sent out from the agency to each of the papers, with definite instructions as to how, when and where it is to be inserted.

This is all easy, plain and simple enough. But what follows is more difficult and annoying, namely, holding each of the papers in the list to a faithful performance of its contract. And here comes in the practical, particular feature of this admirable system, which saves the advertiser so much valuable time and so many petty annoyances. The agency keeps an unbroken file of all the papers upon its list. Every morning when the mail is opened and papers are received, they are all checked, examined and marked, and all errors and omissions minutely noted and then posted to a sort of ledger kept for the purpose. By the ledger it can be determined, at a glance, in what particular and to what extent any paper may have departed from its contract.

Before settlement is made, every paper is required to make up omissions and incorrect insertions, and thus, in good faith, the advertiser is given his money's worth, or what he has contracted for, and all without extra trouble and expense to himself and at a price from one-quarter to one-half less than he himself could have obtained the same amount of advertising, with all the annoyance, expense and loss of time thrown in.

We can not, therefore, hesitate to recommend to the advertising community, the excellent advantages of Hubbard's Agency to all who are looking—as who is not in these times,—for a safe, economical, thorough and reliable medium for judicious advertising. It is located outside of the great centers of business, and is thus enabled, being under less expense, to give better terms than, and compete successfully with the larger agencies, who are its rivals. This its list of customers in every State in the Union will clearly show.—*Banker and Tradesman.*

"One of the best men in the country to do business with."

We have received from H. P. Hubbard, the popular Advertising Agent of New Haven, Conn., copy of a pamphlet entitled "Leading Newspapers," a very handsomely printed and most complete arrangement of the leading newspapers in the United States, for the benefit of advertisers. Mr. Hubbard is one of the best men in the country to do business with, and this pamphlet of his shows to those who wish to advertise that he can place advertisements to better advantage than any agent of them all. The pamphlet before us indicates that Hubbard is meeting with success. We are glad to know this. It is a satisfaction to do business with such a man as he is.—*Dayton, O., Saturday People.*

We are pleased to say in regard to your Advertising Agency, that we have dealt with you for about four years and you have always been on time, always willing to do us a favor, and your prices have suited us every time.—GEO. I. REED & Co., Nassau, N. Y.

"Courteous and Prompt."

It is generally with mistrust that proprietors of newspapers look upon propositions to advertise from firms who make a specialty of advertising contracts. But we are pleased to add our line of praise to the columns already printed, in extolling H. P. Hubbard, of New Haven, Conn. The contracts are thoroughly explained, and punctiliously lived up to by this gentleman who is courteous and prompt in all his dealings.—*Rockford, Ill., Register.*

THE FAMILIEN JOURNAL,
(FAMILY JOURNAL).
GERMAN WEEKLY.

DEVOTED TO NEWS, INSTRUCTION & MISCELLANEOUS READING.

We beg to invite the attention of Advertisers desirous of reaching the German public, to our Great Weekly, the FAMILIEN JOURNAL, now in its fourth year.

The FAMILIEN-JOURNAL is a large eight page paper and circulates over the whole country. It has a specially large circle of readers in the smaller towns and country districts and is to be found on the news stands of almost all German booksellers. Being essentially a FAMILY paper as its name implies, combining news and much interesting reading of a miscellaneous character, as well as a full and very detailed market report, its circulation is unsurpassed by any like publication in the land. Its news is always fresh, and so condensed as to cover the whole field of events in this country and Europe during the week. Its news from Germany, filling a whole page of closely printed matter, makes it a specially desirable Journal to Germans of every class and condition. In one word it fulfils all the requirements of a great Weekly, and this accounts for its success. It will strike advertisers at once that a paper which combines so many excellencies must be a very superior advertising medium, specially for such as wish to cover a wide extent of territory with their advertisements, and to those we offer the following unprecedentedly low rates:

For each Inch of Space for 1 time.....	\$1 00
For each Inch of Space for 3 months.....	8 00
For each Inch of Space for 6 months.....	12 00
For each Inch of Space for 1 year.....	20 00

"Watches Closely the Interests of his Patrons."

Any one engaged in the publication of a daily newspaper must necessarily have considerable dealings with advertising agents, and while there are many honorable men among them, we do not know any more so than Mr. H. P. Hubbard, of New Haven, Conn. He watches closely the interests of his patrons, and at the same time he deals justly with the publishers with whom he does business; this, of course, accounts for his popularity and success.—*Phila., Pa., Republican.*

If you should ever have occasion to desire a reference as to your abilities in the advertising line, please feel the utmost freedom to mention us under any such circumstances.—LEONARD & SILLIMAN, Bridgeport, Conn.

"Unusually Convenient."

The well known Newspaper Advertising Agent, H. P. Hubbard, of New Haven, has issued "The Right Hand Record and Ready Reference for Advertisers," a quarto volume of 228 pages. The book is got up on a novel plan, and will be found unusually convenient for reference by all who have occasion to advertise extensively. * * * Never before has so much information of value to men of business been furnished in so reliable a form.—*Portland, Me., Press.*

"I have always considered advertising liberally and long to be the great secret of success in business; and I have made it an invariable rule to advertise at all times, long experience having taught me that money thus spent is well laid out."—*Stephen Girard.*

"An Energetic and Trustworthy Advertising Agent."

"Hubbard's Advertiser," Vol. V., No. 1, is just received; also the second number of "Leading Newspapers," a valuable compendium of newspaper facts and figures. Our friends who may desire the services of an energetic and trustworthy Advertising Agent will do well to consult Mr. Hubbard (New Haven, Conn.), whose deserved success fairly indicates the esteem in which his patrons hold him.—*Bethel, Conn., Press.*

Standing advertisements of Holiday Goods, Skates and Snow Shoes. are not interesting reading in June, July and August. Neither does the general reader vehemently desire to read about Soda Water, Fairs or Fishing Parties, in December, January or February. Such exercises are neither appropriate or comforting.

"Responsible and Conscientious."

Mr. H. P. Hubbard, the enterprising and successful Advertising Agent, of New Haven, Conn., has placed himself in the front rank of advertising agents of this country. Responsible and conscientious in all his business dealings, it is a pleasure and a satisfaction to deal with him.—*Cincinnati, O., Grange Bulletin.*

We observe that the *Chicago Inter-Ocean* and *Springfield Republican*, the *New Haven Register* and other papers, speak of Mr. H. P. Hubbard, Newspaper Advertising Agent, of New Haven, as "one of the most reliable and stirring men in the business anywhere." We have had business dealings with Mr. Hubbard and have always found him prompt and reliable.—*Army and Navy Journal.*

"A truly good soul."

It always gives us pleasure, deep and inborn, to meet a truly good soul. They are as scarce as hen's teeth, in this vile world, but when we do meet one we are always willing to score it up for the cause of virtue and truth. Such a missionary we are now firmly convinced is H. P. Hubbard, the advertising man of New Haven, Conn., the soul, under whose guidance Hop Bitters and Kidney Wort first made their bow to the public. At first, we were under the impression that Bro. Hubbard was an emissary of the devil, emanating from the land of wooden nutmegs, and circulating some vile concoction of catnip and yellow dock, deluding people into the belief that because they tasted bad they must be good for a man's kidneys. For it is a great moral truth that the meaner the taste the more readily people swallow it for medicine. * * * We find on inspection, however, that he is an old newspaper man, and therefore, honest beyond his day and generation.—*Peoria, Ill., Journal.*

As an Advertising Agent, we could name few, if any, who have risen to first class standing as rapidly as Mr. H. P. Hubbard, of New Haven, Conn. Having the confidence of the publishers of the leading newspapers of the country, he is prepared to serve the advertising public on as good terms as any one in the profession.—*Cincinnati Times.*

"Deals on the Square."

It gives us pleasure to add our testimony to the hundreds of others who have had dealings with that energetic, enterprising Newspaper Advertising Agent, Mr. H. P. Hubbard, of New Haven, Conn. He deals on the square every time, pays what he contracts for, and we heartily recommend him to the craft.—*Waukegan, Wis., Lake County Patriot.*

THE CIRCULATION OF
THE WEEKLY WORLD
EXCEEDS
ONE HUNDRED AND TWENTY-FIVE THOUSAND.

It has DOUBLE the circulation of any other weekly newspaper in the country. Its rates are lower in proportion to its circulation than the rates of any journal in the United States. Advertising in THE WEEKLY WORLD is cheap when the results of the advertising are compared with its cost.

The WORLD stands ready to prove that its claim as to circulation is founded on fact.

Full Confidence.

Advertisements in newspapers are of necessity for every business man who wishes to prosper in much extent of his business. And at the present time no prospering business man is to be found who does not advertise. Advertising in itself is a business which must be well understood if one expects to reap full benefit therefrom. Many a business man frequently reaps doubly the amount which he expends for advertising than that of his competitor, simply because his advertisement was rightly composed and because the choice of newspapers was the right one. Therefore the services of an experienced newspaper agent are very material, because he understands his business fundamentally. In this respect Hubbard's Advertising Agency, New Haven, Conn., is much to be recommended. It belongs to the largest and most important in the whole country. Business men may refer to Mr. Hubbard in the full confidence that he will care for their interests most effectually and treat them most honorably.—*Translation of the Philadelphia Abend-Post.*

The Hop Bitters Co. informs us that it has employed as its very efficient agent in placing the majority of its advertising, Mr. H. P. Hubbard, the well known Advertising Agent, of New Haven, Conn., and has found him prompt and faithful, while in that great requisite for advertisers his prices were the most satisfactory that they could obtain. This fact alone should bring Mr. Hubbard into the service of all leading advertisers.—*Rochester, N. Y., Democrat and Chronicle.*

"A Reliable Business Man."

We are in receipt of H. P. Hubbard's pamphlet entitled "Leading Newspapers," among which we find the *National Labor Tribune*, of course. Mr. Hubbard is a reliable business man, enterprising and energetic. He thoroughly understands his business, and is alive to the interests of his customers.—*Pittsburgh, Pa., Labor Tribune.*

Mr. Hubbard has all the leading papers of the country upon his advertising list, and persons desirous of placing their advertisements where they will do the most good, can do no better than to patronize his agency.—*New London Telegram*.

"None more Prompt."

Among all the Advertising Agents with whom we have dealt for the past fifteen years, we have found none more prompt, enterprising and reliable than H. P. Hubbard, of New Haven, Conn.—*Augusta, Me., Gospel Banner*.

To some persons an Advertising Agent may seem a mystery, but he is a most valuable person, and in many cases, by entrusting business to his hands, economy may be combined with profitable results.—*London, Eng., Figaro*.

We have had business with a great many Advertising Agents since we have been in business, but none of them have given us as much satisfaction as Mr. H. P. Hubbard, of New Haven, Conn. Our business relations with him have been of the most pleasant character, and we cheerfully commend him to the advertising public.—*Woodberry, Md., News*.

"One of the Big and Successful Agencies of the Country."

The Advertising Agency of H. P. Hubbard, New Haven, Conn., is rapidly becoming one of the big and successful agencies of the country. Mr. Hubbard right in the start has discovered the great mistake made by the average advertising agency, and refuses to number in his list the one-horse papers of the country, simply because they are cheap. His list includes many of the first class country weeklies to which he is willing to pay fair prices. The result is the advertiser reaps paying results from his investment, and when his contract has expired he is ready to contract again. The bills against him are promptly met, and the newspaper men also are satisfied and are willing to give him rates at which the agent can make a fair profit. Any well posted newspaper man can count on his fingers the advertising agents who do business on that plan. H. P. Hubbard of New Haven, Parvin & Sons, and Freshman Bros., of Cincinnati; Chesman of St. Louis; Rowell & Co. of New York, and Pettengill & Co. of New York and Boston, are among the number, and it is with one of these firms that nearly all the big patent medicine contracts are made.—*Chillicothe, O., Register.*

Large or small orders receive the same care and attention. Estimates furnished free.

"A Valuable Book."

H. P. Hubbard's Newspaper Advertising Agency, of New Haven, Conn., has issued a catalogue of the leading newspapers and periodicals published in this country, and the principal journals throughout the world. It is subdivided into thirteen classes, states the circulation and rates charged for advertising, and forms an accurate, trustworthy, and valuable book of reference for the use of advertisers.—*New York Times.*

December, 1878, and
in March, 1879, the en-

added to that of the STOCKMAN, which
then had a greater circulation than had any

We consider the Advertising Agency at New Haven, Conn., conducted by H. P. Hubbard, as the best in this country. There is not the least difficulty in transacting business with his agency. He pays fair prices for work and pays promptly.—*Woodfield, O., Spirit of Democracy.*

We are in receipt of HUBBARD'S ADVERTISER, published in New Haven, by H. P. Hubbard, the stirring and reliable Advertising Agent. One Hundred Thousand Customers in Georgia, Florida
and South Carolina.

The Savannah Morning News,

A Large Daily, publishing a Morning and an Evening Edition.

It is the most widely circulated and influential newspaper published between Baltimore and New Orleans, and has a general circulation among all classes on the lines of railroads to and from Savannah, within reach of a daily mail. Its readers are merchants and planters, farmers and artisans, who have homes and families, fairly prosperous, and have tastes and varied wants, and the means to buy what they want. There is little or no competition in the channels for addressing such a community, and, therefore, the circulation of the SAVANNAH MORNING NEWS has far more value for advertisers than if it were published in a community where there were a dozen other journals of nearly equal circulation. The paper therefore has a special importance to advertisers.

The Savannah Weekly News

Is a Mammoth 8-page sheet—38x52 inches.

It circulates in every county in Georgia, and is taken at nearly every post office. There is scarcely a post office in the whole of Florida where the WEEKLY NEWS is not regularly received. The paper is edited with great care, special prominence being given to agricultural information, and each issue contains a full and complete market report.

The Sunday Morning Telegram.

The SUNDAY MORNING TELEGRAM (successor to the old *Savannah Republican and Advertiser*, established in 1802), is the only Sunday newspaper in the State printing full ASSOCIATED PRESS DISPATCHES. It is carefully edited, presenting a weekly summary of general news for the family circle, thus affording a first-class medium for advertising articles for household and personal use.

The Southern Farmer's Monthly,

An Agricultural Journal.

This monthly, though just entering its third year, has already taken rank among the best publications of its class. It is a quarto, 32 pages, printed on tinted paper, and in addition to its agricultural and industrial features, has an illustrated Fashion Department, making it acceptable not only to planters and farmers, but to the members of their households.

Savannah is the financial and commercial center for the South Atlantic Cotton States, the actual receipts of cotton this year (1878-79) being 699,821 bales, doing also an immense export trade of lumber and timber. It is a very important market for naval stores, a large rice shipping port, and preëminently the distributing business center for supplying the wants of the population of Georgia, Florida (having a monopoly of the trade along the inland coast line of Southern Georgia and Florida), and a large portion of the trade of South Carolina, making at least an aggregate population of over 1,000,000, whose varied wants must pay tribute to the commercial importance of Savannah.

These publications offer to advertisers the most effective methods of introducing their goods to the people of this vast area of country.

Sample copies sent on application, and estimates for advertising promptly furnished.

"One of the very few."

"Hubbard's Advertiser" is the name of a spicy journal published in New Haven, Conn., by H. P. Hubbard, Esq., the well known Advertising Agent. Mr. Hubbard is one of the very few Advertising Agents who can get an advertisement inserted in the *Record*; in fact he is the only one whom we have ever felt justified in recommending to those advertisers who cannot deal with publishers direct.—*Lynn, Mass., Record*.

An Agent who has the confidence of both publishers and advertisers is the one to employ.

"Business Character."

H. P. Hubbard, the Advertising Agent of New Haven, sends us his third large catalogue of leading newspapers. It makes a neatly and correctly printed pamphlet of seventy-two pages, the appearance of which alone speaks volumes for the business character of the publisher. It is almost invaluable to the advertiser, and worth looking over by any newspaper reader. Published by H. P. Hubbard, New Haven, Ct.—*Norwich, Conn., Bulletin*.

Well written, truthful announcements, properly displayed, bring safe returns.

"Gentlemanly and Accommodating."

Mr. H. P. Hubbard, of New Haven, Ct., is the authorized Advertising Agent for the *Call* in that section of country. We take pleasure in saying that we have found the agency to be gentlemanly and accommodating in all our business relations, and what is more to our material advantage, prompt pay.—*Altoona, Pa., Call*.

"Prompt, Reliable and Square."

"Leading Newspapers" is the title of a 72 page pamphlet just issued by H. P. Hubbard, Advertising Agent, New Haven, Conn. As a hand book for advertisers it is without doubt the best we have seen. In it will be found the names of the best and largest circulating journals in the United States, all of which are represented by Mr. H. P. Hubbard. The *Times* has had many years' dealings with Mr. Hubbard, and always found him prompt, reliable and square in all his dealings.—*Dubuque, Iowa, Daily Times.*

The prices given by me to advertisers are the same as if they were negotiating at the offices of the publishers, giving equal advantages to parties of reliability, same credit, same position and editorial favors. Of course when a number of papers are combined, a very liberal discount will be made from the lowest combined rates.

"A Live Advertising Agent."

Mr. H. P. Hubbard, of New Haven, Conn., is a live Advertising Agent, and any one having business with him will be sure to have it discharged satisfactorily and honorably.—*Portland, Me., Advertiser.*

"Fills the Bill."

H. P. Hubbard, one of the most enterprising Newspaper Advertising Agents in the country, and resident of New Haven, Conn., has issued a real "Yankee Notion" in the form of a book for the use of extensive advertisers, which strikes us as "filling the bill" precisely. It is the best book of the sort in use, and is finely gotten up.—*Augusta, Me., Gospel Banner.*

SPRINGFIELD REPUBLICAN.

THE NEW ENGLAND NEWSPAPER.

Established in 1824, - - By Samuel Bowles.

Subscription :—Daily \$9, Sunday \$2, Weekly \$1.50.

The **REPUBLICAN** is a **superior advertising medium**, because it has the largest local and general circulation of any journal in Massachusetts outside of Boston or in Connecticut, and this circulation is among the best class of people. It may fairly claim to be the cheapest and most effective medium in New England, outside of Boston.

[From the Daily Republican, September 1, 1879.]

The average circulation of **THE DAILY REPUBLICAN** for the month of August, usually considered the **dullest business season** of the year, was **10,925 copies**. The average circulation in the city of Springfield was **3,225**, and in Hampden county, outside of Springfield, **2,287**. There is no other city in the world of so small a population as Springfield (30,000) that can boast a daily newspaper having so large a local and general circulation. The immense advantage as an advertising medium which **THE DAILY REPUBLICAN** offers over every other means of attracting local public attention is apparent. No other newspaper in this field, daily or weekly, can begin to approach it in the number of intelligent and careful readers, whom it reaches every day in the week. Its circulation records and subscription lists are always open to inspection.

ADVERTISING RATES:

Daily or Sunday, 5, 10, 15 and 20 cts. a line. Weekly, 12 and 20 cts.

LIBERAL DISCOUNT FOR CONTINUANCE ONE MONTH OR LONGER.

Address: THE REPUBLICAN, Springfield, Mass.

20,000 CIRCULATION.

18th YEAR.

THE STAR SPANGLED BANNER.

Published monthly at Hinsdale, N. H., for over 17 years; has a circulation of 20,000 copies, and is one of the best as well as cheapest advertising mediums. Two hundred prominent advertisers testify to its great value. H. HOOVER, Printing Press Manufacturer, Philadelphia, writes:—

PHILADELPHIA, PA., September 30, 1879.

GENTS:—Please keep our advertisement in for one year more, as we cannot afford to keep it out of your valuable paper. I think if our small advertisement pays, a larger one will pay better, so make it twice the present size, and be sure and make the head lines very conspicuous, in fact, as large as you can. Yours, etc., H. HOOVER.

Dr. BOHANNAN, of St. Louis, has used the BANNER for years. See what he says:—

ST. LOUIS, Mo., December 1, 1879.

MESSRS. HUNTER & CO., GENTS:—You will please let my advertisement run right along as it is, for another year, at same rates. Of the many hundred papers in which I am advertising, there is none that pays as well as the STAR SPANGLED BANNER for the amount invested. Yours truly, C. A. BOHANNAN, M.D.

Only 10 cents a line, or \$1 a line for an advertisement to run one year.

It goes everywhere; is read by fully 50,000 persons every month. Proof given as to circulation. Estimates furnished. TRY IT NOW. Address, BANNER PUBLISHING CO., Hinsdale, N. H.

"A Useful Guide."

Mr. H. P. Hubbard, the well known Advertising Agent of New Haven, has issued a volume for the use of advertisers, entitled "A Right Hand Record for Leading Advertisers." This work has been prepared with care, and is a very useful guide for those who would secure the most good for the least money in American newspapers. Mr. Hubbard enjoys the reputation of being a methodical, intelligent and trustworthy agent.—*Boston Sunday Gazette, June 22, 1879.*

Mr. H. P. Hubbard, Advertising Agent, of New Haven, Conn., possesses facilities for doing advertising cheap and well, and succeeds in procuring from publishers the lowest cash rates.—*Detroit Christian Herald.*

"Energetic and Honorable."

We have received a neatly printed pamphlet, being H. P. Hubbard's catalogue No. 2, of the leading newspapers, political, literary, religious, agricultural, co-operative, etc., represented by his Advertising Agency, in the City Bank building, New Haven, Conn. The combination of newspapers shown is certainly a widespread and influential one, and could only have been attained by energetic and honorable dealing on the part of the agency representing them. Mr. Hubbard's relationship with ourselves, and with the newspaper fraternity generally, is of a cordial nature, and we can knowingly commend him to the favor of advertisers and publishers generally.—*Adrian, Mich., Times and Expositor.*

A man to be known must keep his name before the people: he must let them know where he is, what he is, and what he is doing.

To advertise in papers of this class, requires nerve, confidence in the value of newspapers of large circulation as advertising mediums, and a considerable outlay of money. New advertisers are generally afraid to use them—they cost too much, but advertisers of experience never omit them from their lists.

Contract advertising in them, per thousand actual circulation, averages about a half a cent a line in the weekly editions, and from a third to a fourth of a cent per line in the daily editions, each insertion.

H. P. HUBBARD is always prepared to quote the bed-rock rates.

 THE NEWSPAPERS OF THE NATIONAL CAPITAL.

THE EVENING STAR, THE WEEKLY STAR,

WASHINGTON, D. C.

 SINGLE AND DOUBLE SHEET OF FIFTY-SIX COLUMNS.

THE EVENING STAR is everywhere recognized as the leading newspaper of Washington. With two exceptions only, *it has the largest circulation of any daily paper published south of New York*, AND MORE THAN DOUBLE THAT OF ANY OTHER PAPER IN THE CITY.

Every issue of THE STAR is carefully read, not only by the citizens of Washington and adjacent cities, but by the throngs of strangers constantly visiting the National Capital on business or for pleasure (and who constitute, in a very large degree, the purchasing population of every State and Territory in the Union), thus making it for most purposes

The best Advertising Medium in the United States.

The evidence of this is, that it printed, in 1879, 20,336 advertisements, a statement which is sworn to.

THE WEEKLY STAR.—This is a double or eight-page sheet, containing fifty-six columns of fresh News, Literary and Agricultural matter every week, and is pronounced by competent judges THE CHEAPEST AND BEST WEEKLY PAPER IN THE UNITED STATES.

Address, in all cases,

The Evening Star Newspaper Co., Washington, D. C.,

Or, H. P. HUBBARD, of New Haven, Conn., who is our authorized Agent.

"A Connecticut Genius."

It takes the Yankees to beat the world, in the field of inventing. All sections of the country are paying continuous royalty for use of the ideas patented into shape "down east." Condensation of effort is the problem of the age. Whatever shortens distance or saves time is money in the hands of the user. Now comes along a Connecticut genius and commends himself to the whole United States and Canada by a Newspaper Directory that in an instant places before us, in alphabetical order, the name and circulation of each paper in every town in the two countries named. It is a most systematic work and its utility will be appreciated as soon as seen.—*San Francisco Post*.

Mr. H. P. Hubbard, Advertising Agent, of New Haven, Conn., is a reliable business man. Those who wish to place their advertisements where they will do the most good will do well to patronize him.—*Bridgeport, Ct., Standard*.

"Upon the Square."

Mr. H. P. Hubbard, the well known Advertising Agent, of New Haven, Conn., can be relied upon for doing business upon the square, and making prompt returns.—*Cedar Rapids, Iowa, Standard*.

"Something Entirely New."

The "Right Hand Record," published by H. P. Hubbard, of New Haven, Conn., is something entirely new, yet at once a necessity to large advertisers—the class for which it is especially prepared by its capable and experienced editor. * * * The ingenious and enterprising mind that has prepared the "Right Hand Record" is worthy of high praise, and the book will be a substantial help to the multitude whose business requires a liberal use of advertising media.—*Louisville, Courier-Journal*.

THE CINCINNATI STAR,

"A NEWSPAPER OF TO-DAY,"

Is read by all classes of people, and is a familiar visitor in almost every household in the city of Cincinnati and in all localities within a radius of one hundred and fifty miles of the city. It has a **Daily Circulation of over Twenty Thousand**, and no paper in the country is growing faster. The paper was increased in size twice during the past year, and is now a fine large eight-page sheet.

It is the home paper of nearly the whole people of the Ohio Valley. While other papers are read at the counting rooms or offices, the STAR is emphatically the paper of the home circle.

THE WEEKLY STAR,

One of the most successful of Western weeklies, was greatly improved January 1, 1880, and is now the largest weekly paper in the West, and is still furnished at **only One Dollar per year**. It already has a **Circulation of nearly Twenty-four Thousand**, and efforts of the present season, with the low price and fine paper, will show very large increases in the list.

Address, **THE STAR, Cincinnati, Ohio,**

Or, **H. P. HUBBARD, of New Haven, Conn.,** who is our authorized Agent.

"Business-like and Prompt."

The *Chronicle's* business is so largely local that we deal very little with advertising agents. Among those with whom we have dealt, however, none are more business-like and prompt in their dealings than H. P. Hubbard, of New Haven, Conn. It is this sort of thing which builds up any profession, and we wish Mr. Hubbard every success.—*Cambridge, Mass., Chronicle.*

I aim to serve my customer's best interests by acting just as I would were it my own business.

"Almost Annihilates Labor."

The conspicuous advantage of the "Record" is that it greatly facilitates, in fact almost annihilates, the labor of making up lists of papers in which to insert their advertisements, enabling them to judge without tedious investigation what amount of reading their advertisement will have, and to a great extent what classes of persons it will reach.—*Springfield, Mass., Union.*

Mr. H. P. Hubbard, Advertising Agent, of this city, has met with a deserved success. He possesses the best facilities for doing work cheap and well.—*New Haven, Ct., Journal and Courier.*

"Can be Relied upon."

The Advertising Agency of H. P. Hubbard, of New Haven, Conn., is doing an extensive business throughout the West and can be relied upon to protect alike the advertiser and publisher. He knows how to place advertising where it will do the most good.—*Iowa City Press.*

"Prompt and Reliable."

We would say to brother publishers or to persons desiring to advertise extensively, that we have found the Advertising Agency of H. P. Hubbard & Co., New Haven, Conn., a very prompt and reliable one and we can fully recommend it to all.—*Geneva Lake, Wis., Herald.*

Mr. Hubbard is appreciated by the business men of the country as an Advertising Agent.—*Kennett Square, Pa., News and Advertiser.*

"Determined to meet the wants of his Patrons."

The enterprising Advertising Agency of H. P. Hubbard, New Haven, comes to the front again with its Leading Newspapers, No. 2, just issued. The work is carefully arranged for convenience of advertisers, and shows that Mr. Hubbard is determined to meet the wants of his patrons.—*Hartford, Conn., Sunday Globe.*

This agency is a concentration of all the newspapers in the country, so arranged and systematized, that you can make just as good contracts as if you visited each office in person.

"Far Ahead."

Mr. H. P. Hubbard, the New Haven Advertising Agent, has issued a handsome volume of 200 pages or more, entitled "Right Hand Record and Ready Reference for Leading Advertisers." The idea of the work is a novel one, and it is far ahead of any directory of the kind ever before published. The information it contains is both interesting and valuable, and of a character to render the work useful not only to the advertiser, but to the general public.—*Hartford, Ct., Evening Post.*

RELIGIO-PHILOSOPHICAL JOURNAL

A large eight-page Weekly Paper, devoted to the Exposition
of Modern Spiritualism.

ESTABLISHED IN 1865.

This superior Advertising Medium circulates almost entirely among a highly intelligent, thinking class of people, most of whom are possessed of pecuniary competence, and are able to test and appreciate all, within the range of their needs, which is brought before them in the advertising columns of the "Religio-Philosophical Journal."

THE GREAT WEST, IMPERIAL IN ITS RESOURCES, IS NOW, BY THE RETURN OF PROSPERITY, IN CONDITION TO **BUY**; AND ADVERTISERS WHO TAKE JUDICIOUS ADVANTAGE OF THE GOLDEN OPPORTUNITY, WILL REAP THE ABUNDANT HARVEST.

PRESS COMMENTS.

*** Seems disposed to discuss questions in excellent temper and a spirit of toleration.

*** Few care to investigate in its spirit of finding truth at any cost.—*Inter-Ocean*.

*** Seems to have got the inside track among the religious weeklies.—*Chicago (Sunday) Times*.

*** A paper which will command the respect of all, both friends and opponents.—*Pontiac, Ill., Sentinel*.

It is considered good authority on all matters relating to Spiritual Philosophy.—*Lowell, (Mass.) Morning Times*.

The OPPONENTS of SPIRITUALISM, who desire to be familiar with its progress and development, will find the JOURNAL a fair, candid and trustworthy channel of information. We respectfully commend the paper to all classes.

Concurrent Commendations from widely opposite Sources.

I read your paper every week with great interest.—*H. W. Thomas, D.D., Methodist*.

I congratulate you on the management of the paper. *** I indorse your position as to the investigation of the phenomena.—*Samuel Watson, D.D., Spiritualist*.

What a profound Student of Religious History says:

THE RELIGIO-PHILOSOPHICAL JOURNAL, of Chicago, in its editorial management, is superior, and, in point of ability, beats other periodicals of its class. *** The JOURNAL endeavors, in its peculiar sphere, to exhibit Spiritualism in its better aspects, in forms by which a scientific person can grasp and comprehend it; and the subjects are presented with force, clearness and carefulness which will commend them to thoughtful consideration.—*From the Medical Tribune, May, 1879, edited by Alex. Wilder, M.D., New York*.

*** As an honest paper we commend it to those who wish to investigate what is known as Spiritualism.—*The National Citizen, Syracuse, N. Y.*

You are conducting the JOURNAL in the true spirit of honest research.—*B. F. Underwood, Materialist*.

Good for you! Never man in your ranks did half so well, that I know of. Brave it is and right.—*Rev. Robert Collyer, Unitarian*.

"Saves its Cost."

An excellent ready reference work for leading advertisers, arranged upon a novel and convenient plan, giving interesting data, much of which is fresh and obtainable from no other source. This is a volume that no extensive merchant or manufacturer can afford to be without. It will save its cost a hundred times in a year by promptly furnishing just the most needed information about every town of any note in the country.—*Philadelphia Inquirer*.

The Advertising Agency established in New Haven by H. P. Hubbard is a real advantage to merchants and business men. We would prefer to do business with him than assume the perplexities of collecting and opening accounts with different merchants.—*Meriden, Conn., Republican*.

"Always Reliable and Enterprising."

From our business relations with H. P. Hubbard, the Advertising Agent at New Haven, Conn., we can endorse him as a strictly reliable and enterprising business man; and predict for him, in the event of his pursuing his present line of business, a leading position among the agents of this country. He is always reliable and enterprising. He reaches all the leading papers in the country through his agency, and parties entrusting their advertising to him may rest assured that it will be well placed.—*Racine, Wis., Journal*.

"One of the most Reliable."

One of the most reliable Advertising Agents in the country is Mr. H. P. Hubbard, of New Haven, Conn. He pays his bills and does not play the vulture, like some New York sharks we might mention.—*Burlington, Vt., Clipper*.

The *Republican* takes pleasure in recommending to its exchanges the Advertising Agency of H. P. Hubbard, of New Haven, Conn. We have always found Mr. Hubbard prompt, energetic and gentlemanly in all his dealings with us. We regard his agency as among the very best in this country.—*Watseka, Ill., Republican.*

"Thoroughness of Detail."

From an examination of the method and thoroughness of detail exhibited in the inception and completion of this work, it is apparent that advertisers can for the first time in the history of advertising, readily view the whole field, and with full knowledge, exactly presented, can see at a glance the most eligible way for getting the best returns from any given expenditure. "Worthy of Confidence."

We have had the pleasure of doing some business with H. P. Hubbard, of New Haven, and would commend his Advertising Agency to all as one well worthy of their confidence and support.—*New Milford, Conn., Gazette.*

Mr. H. P. Hubbard, Newspaper Advertising Agent, of New Haven, Conn., is one of the most reliable and stirring men in the business anywhere.—*New York Home Journal.*

"None stand Higher."

Among a score of Advertising Agents, there are none who stand higher than Hubbard of New Haven. From a small beginning he has developed a large business and is now one of the favorite middlemen between publisher and advertiser.—*New London, Conn., Telegram.*

"One of the most Popular Men in his line."

One of the largest and most enterprising business agencies with which the *Democrat* has dealings is that of Mr. H. P. Hubbard, of New Haven, Conn. If he maintains as satisfactory relations with the advertisers for whom he is the agent as with the newspapers, he must be one of the most popular men in his line. This cannot be doubted, as Mr. Hubbard annually transacts an immense amount of business. His energy, business push and sound judgment in the distribution of his advertising patronage are, we are pleased to see, duly appreciated, as the large orders he constantly sends out abundantly attest. Those who wish to advertise extensively, and who desire to reach the most desirable points at the smallest expense, cannot do better than to place their business in the hands of Mr. Hubbard.—*New Orleans, La., Democrat.*

"He must be an Ohio man."

Advertising agents have come to control a large amount of the business of foreign advertisers in all the papers. In our experience we have found many reliable firms, but in no instance have we been disappointed in our dealings with H. P. Hubbard, of New Haven, Conn. Our business relations with him have been of the most agreeable character throughout. We open his envelopes expecting to find a fair proposition. He must be an Ohio man.—*Marietta, O., Register.*

Let me take this occasion to say your services, your prices, your selection of papers, and the returns have been very satisfactory indeed.—FRED ATWOOD, Winterport, Me.

"Most Valuable."

We have received "Hubbard's Right Hand Record and Ready Reference for Leading Advertisers," from the publisher, H. P. Hubbard, the successful Advertising Agent, of New Haven, Conn. It is the most valuable book of that particular description that we have ever seen, and we have several from other agencies now in our office. * * * It should be in the hands of every advertiser.—*Omaha Republican.*

"Ought to know how to Advertise."

The boss paper of its size is *Hubbard's Advertiser*, of New Haven, Conn. Like a boy we used to know, it can "lick" a good many not of its size. A man who can himself print such a model sheet as Hubbard does and advertise his own business so spicily, ought to know how to advertise other people's equally well. And that is just about *his* size.—*Springfield, Mass., Homestead.*

Foreign Testimony.

The following notice appeared, entirely unsolicited and unexpected, in the *British Mail*, of London, England. The *Mail* is the standard commercial paper of the world. (100 pages quarto) and goes to 15,000 English-speaking colonists in all parts of the globe. It is interesting to see ourselves sometimes as others see us, especially when the writer is one who is apt to condemn all that is not of the mother country.

AMERICAN ADVERTISING.—The Americans beat us hollow in the matter of advertising, and it is our firm belief that in the United States the advertiser gets far more value for his money than the manufacturer of any other nation under the sun. With them advertising is reduced, as one might say, to one of the fine arts, whilst in Great Britain we still appear to be even yet in the dark ages of advertising life. There are many reasons for this, into which we cannot enter here. Suffice it to say that the American is more judicious and persistent in what he does. He feels that with so many competitors springing up he must keep himself well towards the front in the commercial world, or else that in time he must inevitably "snuff out." As also the home demand gets overtaken, as it often is, by a too large supply, so does he extend his area of advertising operations, and at the present moment in many of our British colonies—markets which ought to be entirely our own—Yankee "Notions" are far better known than many of our own specialties far more suited to the locality, simply because practical illustrations and well-written advertisements meet the eye of the consumer in almost every newspaper.

These and other kindred thoughts—most of them really golden, did but our advertisers care to follow them—have been suggested by the perusal of a little handbook upon advertising recently sent us by Mr. H. P. Hubbard, the well-known Advertising Agent of New Haven, Conn., U. S. A. Mr. Hubbard does not, like so many of our English agents, present us with a mere lengthy "Directory" of every paper in the land, good, bad or indifferent, as the case may be, but he takes upon himself the responsibility of selecting those which, in his opinion, are the best. Such a handbook, fairly edited, as this appears to be, should prove invaluable to the advertiser, and we hope that ere long it will be copied in some of the advertising guides of the mother country. The frontispiece contains in elegant topical designs the names of all the various papers which Mr. Hubbard recommends, and the ingenuity with which he appears to have filled them in to suit the requirement of all, proclaims him to be no mean authority upon the art which he professes.

"By Fair and Honorable Treatment."

One of the best Advertising Agencies in the country is H. P. Hubbard's, of New Haven, Conn. Though not situated in the commercial metropolis of the country, near to the great advertisers, yet Mr. Hubbard has succeeded by fair and honorable treatment of newspapers and advertisers alike in building up a business which extends to all parts of the United States and Canada. Advertisers would consult their interests by obtaining his figures before making contracts.—*Leavenworth, Kan., Times.*

Enclosed please find check to cover the amount of your bill for the Foreign advertisements, and we take this occasion to thank you for the thorough manner in which you carried out our wishes.—MALLORY, WHEELER & Co., New Haven, Conn.

"Wide Awake."

Our business intercourse with Mr. H. P. Hubbard has been of the most satisfactory character. We find him wide awake, upright and honorable.—*Greenfield, Mass., Gazette & Courier.*

"Of Great Value."

"The Right Hand Record" is a work of great value for leading advertisers, and has evidently been prepared with care, and with due regard to accuracy in detail. An advertiser whose business amounts to only a few hundred dollars yearly, would find this book an economical guide in the matter of selecting the best papers for the purpose, to say nothing of the advantage of having all his contracts systematically arranged between the same covers.—*Pittsburg, Commercial Gazette.*

"Compact and Unique."

H. P. Hubbard, New Haven, Conn., has prepared a book of "Ready Reference for Leading Advertisers," which is the most compact and unique work for the purpose ever devised. The advertiser can find in it, at a second's notice, the name of any paper in America, its circulation, and the population of the place in which it is printed. The arrangement is novel and the information trustworthy.—*Chicago Sunday Telegraph.*

"A Good Adviser."

A good adviser and guide to the inquiring public, is "Hubbard's Right Hand Record," a convenient reference book. * * * It is compiled with great care, and in the whole there are 8,000 papers named.—*Translated from the St. Louis, Mo., Westliche Post.*

"A Valuable Aid."

"Hubbard's Right Hand Record" is the most complete book of the kind which has come to our notice. To large advertisers it will be found a valuable aid, not only for its large amount of carefully prepared statistics, but for the admirable system which characterizes every page in the book.—*Chicago Inter-Ocean.*

"Most Convenient."

H. P. Hubbard, Advertising Agent, of New Haven, Conn., has issued a novel and most convenient "Right Hand Record Book," for the convenience of advertisers. * * * No other work of this kind is so compact or convenient in its arrangement.—*Portland, Me., Transcript.*

"Understands his Business."

An Advertising Agent who understands his business through and through, and recommends himself not a little through his promptitude and honesty to the noticing public of newspaper editors, is H. P. Hubbard of New Haven, Conn.—*Translated from the Dayton, O., Anzeiger.*

"Almost a Necessity."

One of the most complete books for business men we have examined for many years is "Hubbard's Right Hand Record." It is intended chiefly for advertisers and gives such information as cannot be obtained without it except by great labor and expense. * * * We deem it almost a necessity to advertisers, and to every business man it should be what it is named, a book for "ready reference." * * * It has been compiled by Mr. H. P. Hubbard, of New Haven, Ct., who is one of the largest and most responsible Advertising Agents in the country.—*Louisville Commercial.*

"Few give such Satisfaction."

Since we commenced the publication of our paper, we have done business with a great number of Advertising Agents, and but few have given such satisfaction as Mr. H. P. Hubbard, of New Haven, Conn. Our business transactions with him have been of a very satisfactory nature, and we recommend him willingly to the noticing public.—*Translated from the St. Louis, Mo., Die Amerika.*

Advertising is the ladder by which men climb up to fortune—if they keep their hold.

"Most Trustworthy."

Mr. H. P. Hubbard, Advertising Agent, New Haven, Conn., is one of the most capable and energetic men in the business, and his agency is now considered one of the best established and most trustworthy in the country, the result of promptness, reliability and intelligence.—*Lowell, Mass., Times.*

Australia and China.

H. P. Hubbard, the popular Advertising Agent, of this city, means what he says when he remarks that he can place advertising in any newspaper in the world. Not long ago we received a copy of several huge sheets printed in Australia, in which his notices appeared, and now he comes to the front with a copy of the *China Mail*, published at Hong Kong, which is doing some advertising for him. This paper is printed in English and costs \$24 per year.—*New Haven Palladium.*

"Could not be improved."

"Hubbard's Right Hand Record" is one of the best arranged and most complete works of its class that we have ever seen. * * * It could not be improved in clearness of arrangement or fullness of detail.—*Cincinnati Gazette.*

After trying different Advertising Agencies and dealing direct with many of the leading newspapers, I decided three years ago to give you all of my advertising. I find I can do much better than anywhere else. You thoroughly understand your business and are all alive to the interests of your customers.—G. J. CAPEWELL, Cheshire, Conn.

Foreign Advertising.

We acknowledge the receipt of a late copy of the *China Mail*, published at Hong Kong, from H. P. Hubbard, Advertising Agent, of this city, in which he has placed some advertising. Truly, he will have to call it an "International Advertising Agency," at this rate, and his announcement that he can "insert advertising in any newspaper in the world," is more than what some have supposed it to be—braggadocio. The *Mail* is a costly paper, being prized at \$24 per annum. The paper is printed in English, and is quite readable.—*New Haven Register*.

"I admit that my mind is biased by a financial experience which has been long and wide. It has profoundly convinced me that as a rule, the State, or individual, or company thrives the best which dives the deepest into the mass of the community and adapts its arrangements to the wants of the greatest number."—*Right Hon. W. E. Gladstone*.

The best "Accident Policy" for business men—Advertising. It insures against dull times, closing up, or failure.

Advertising is like "The white old hen with yellow legs, that laid her master many eggs."

Advertising is to business what food is to existence. It should be regular, adequate and varied.

Advertising is well compared to a grist mill; do not let the hopper run dry, and your returns are sure.

"Deserving of Confidence."

Mr. H. P. Hubbard, of New Haven, Conn., spent two or three days in Peoria this week. Mr. Hubbard is the well known Advertising Agent who has made "Kidney Wort" and "Hop Biters" so familiar to all readers of newspapers. His establishment at New Haven is fast becoming one of the most extensive of the kind in the country, his correspondence now amounting to more than three hundred letters per day. He is an agreeable, intelligent gentleman, thoroughly conversant with all branches of his business, and deserving of the confidence of all newspaper men.—*Peoria, Ill., Saturday Evening Call.*

We have for the last three years done all our advertising through your agency, and feel that your rates are lower than we could have obtained elsewhere; and we are also well pleased with the good judgment you have shown in placing our advertisement.—C. F. DIBBLE & Co., New Haven, Conn.

We would commend Mr. Hubbard to all who need his services, as a faithful, competent man and are glad to know that the establishment of his agency has been appreciated by our business men.—*New Haven Register.*

Reading notices are very popular with advertisers. They are written up free of charge to the patrons of this agency, by experienced writers in my employ.

"One of the fortunate few."

H. P. Hubbard, the enterprising Advertising Agent, of New Haven, Conn., has just issued the third annual edition of his large and useful catalogue of "Leading Newspapers." The work is of great value to advertisers, presenting, as it does, carefully classified lists of newspapers and periodicals, indexed for easy reference. Mr. Hubbard is evidently one of the fortunate few men who keep themselves so busy in pushing their business in every legitimate direction that they find no time to complain of "hard times."—*Brattleboro, Vt., Phoenix.*

By trusting your business to a reliable Agent, he at once becomes your confidential clerk, giving you all the benefit of his experience and judgment.

Africa and Timbuctoo.

H. P. Hubbard is one of the driving advertisers of this section of the country. His advertisements go to Australia and to China. They are read by the barbarous in the wilds of Africa, and are perused with pleasure in Timbuctoo. They form select readings for the denizens of the Arctic regions, and after dinner jokes in the Himalayas. His last return exchange is the *China Mail*, published in Hong Kong.—*New Haven Union.*

An Agent who has the confidence of both publishers and advertisers, is the one to employ.

"Trustworthy and Active."

Mr. H. P. Hubbard, Newspaper Advertising Agent, of New Haven, Conn., is one of the most trustworthy and active men in the business in the United States.—*Translated from the Toledo, O., Volksfreund.*

A man to be known, must keep his name before the people : he must let them know where he is, what he is, and what he is doing.

Coals to Newcastle.

Much as it might seem like "carrying coal to Newcastle," Mr. Edward Harrison (so long and favorably known as the manufacturer of the wonderful Burr Stone Flouring Mills) placed an advertisement, through our New Haven Advertising Agent, Mr. H. P. Hubbard, in the *London Miller*, and with such favorable result that he has already received an order for one of his complete flouring and bolting mills, to be sent to Stockholm, Sweden. Mr. H. is determined to give the "old world" the benefit of the energy and industry of the new, and success attend him.—*New Haven Journal and Courier.*

We have done a considerable amount of business with Mr. H. P. Hubbard, Advertising Agent, of New Haven, Conn., during the past three years and have ever found him prompt, energetic and reliable.—*Household, Brattleboro, Vt.*

Proper Display of Advertising.

I make a specialty of writing and displaying advertisements in the most attractive forms, and thus do the most good. Recently I worked two hours with an advertiser over a circular of half a page of solid matter, and finally "boiled it down" to FORTY-ONE words, including address. Yet it told the whole story in terse, forcible language, not a word to spare, and suited the advertiser better than any adv't he has had for ten years! If you could look over each reader's shoulder, you would find that they, too, were suited, for people now-a-days do like to hear your story in a pointed business-like way, stripped of all verbiage.

Mr. Hubbard is an energetic man of business and thoroughly understands the wants of the people for whom he caters.—*Harrisburgh, Pa., Independent.*

It is for the advertising agent's interests that his customers' investments should pay, that he may become a still larger patron; his interests are identical with those of the advertiser. While you deal with the agent, give him the advantage of all the special terms and advantageous offers which have been made to you; he will always be bound to do as well, and frequently his knowledge will enable him to show that the seemingly tempting proposal is, after all, not what it purports to be.

The advantages of the Newspaper Agency to the advertiser are these: Experience without cost; one contract instead of many; guarded against unnecessary extra charges, and knowing in advance the price, beyond which an order will not be carried without his full knowledge and consent.

THE MILLINER,

THIS IS AN ILLUSTRATED MONTHLY MAGAZINE,

Published especially in the interests of the Milliners of this country and Canada, and has the largest circulation of any kindred publication on the continent. During the Spring of 1880, specimen copies of this MAGAZINE will be mailed to wholesale and retail dealers in Millinery Goods, who are not already subscribers, until every dealer has received one. This will enable advertisers to reach a larger number of readers than through any other medium.

Contracts may be made through **H. P. HUBBARD**, New Haven, Conn.,

Or, **SHARPS PUBLISHING CO.**, - - - 161 Franklin St., NEW YORK.

GOSPEL BANNER,

Published in AUGUSTA, MAINE.

The BANNER is an old and permanently established paper, constantly increasing in patronage, with a list larger by two thousand than any advertising medium in Maine, excepting alone the *Maine Farmer* and *Portland Transcript*; and circulates in all the leading towns in the State. It is the Denominational paper for Connecticut, is taken largely in New Hampshire, Vermont and the Provinces, and in the West. As it is a neat Religious and Literary paper, its files are preserved in the family, which renders it still more valuable as a medium for advertising than the common secular newspaper.

Advertisements solicited, with the assurance that *no better terms for the advertiser can be made, in ratio to the circulation, with any paper in New England.* Care will be taken to have advertisements neatly set and properly displayed, so as to give entire satisfaction to the advertiser. Copies of the paper will be sent to advertisers for inspection, if they desire, both before and after insertion of advertisement.

GEO. W. QUINBY, Editor and Proprietor.

Experience and Practice.

It is an easy matter to advertise, *but to advertise judiciously, with an eye to economy, to display, and to the proper mediums for reaching the section of the public wanted, is an art only acquired after many years of experience and practice.* No one knows better than an advertising agent, who makes it the study of his life, the status and value of the various public prints, or how to choose a position, or arrange an advertisement, so that the utmost display in any required space may be attained.

Mr. H. P. Hubbard, the well known Advertising Agent, of New Haven, Conn., is no mean authority upon the art which he professes.—*The British Mail, London, England.*

Judicious advertisers select those papers which have a large circulation, good management, established character, and influence. They are read by thinking people and people of enterprise—the most desirable in all communities to be reached by advertising.

Advertisements written to order, and time given cheerfully to fixing and displaying them in the most attractive manner, at this agency.

Advertising is like the main-spring of a watch. It sets all the other wheels in motion, and by constant action keeps them in order. No one sees its influence, yet it is felt by every one to be the main force and dependence of each chronometer.

Is it advisable to employ an advertising agency? It is, if it is considered desirable to obtain the benefit of other's experience without cost to yourself. Experience in any and all business is dearly bought. It is desirable if one wishes to save money. Economy is the root of all success. It is desirable to do so, if you wish to know correctly about the standing, influence and circulation of the papers you advertise in. If you prefer to save labor, care and money; to have your business transacted by one, instead of by many hands; if you would avoid controversies with individual papers, if you would avoid bad debts, and transact your business in the easiest, most natural and most lucrative manner, entrust it to Hubbard's Advertising Agency.

H. P. Hubbard, of New Haven, Conn., is one of the most judicious Advertising Agents in America.—*Dayton Ohio, Saturday People.*

For my services you pay nothing, my commission is paid by the newspaper, and not by the advertiser.

The Saint John Globe.

ESTABLISHED IN 1861.

DAILY AND WEEKLY.

Published at the City of Saint John, New Brunswick, Canada,

By ELLIS, ROBERTSON & CO.

As an Advertising Medium, the "Globe" offers special advantages, having A VERY LARGE CIRCULATION.

H. P. HUBBARD, of New Haven, Conn., is our authorized Agent.

MANCHESTER MIRROR AND AMERICAN, daily (evening), and
MIRROR AND FARMER, Thursdays (Republican.)

JOHN B. CLARKE, Editor and Proprietor. CIRCULATION:—Daily, 2,000; Weekly, 13,000.

Manchester is the fifty-fifth city in the United States, is larger than any other two cities in New Hampshire, and the MIRROR is the leading paper in the State. The weekly is the only agricultural paper in New Hampshire, and has a larger circulation than all the eleven other weeklies published in the same county, and larger than any other newspaper in New England, out of Boston. Its rate of advertising is about three-fourths of a cent a line for every thousand circulation. The daily reaches the whole city, and circulates some in the neighboring towns, and upon the cars. There is no way of reaching the city at so low a figure as through the daily—a city that pays out every month \$400,000 to its working classes, and has over eight million dollars in its savings banks. It is a live, prosperous young city, spending its money freely, not having yet arrived at the age of conservatism.

Advertisements in MIRROR and FARMER, 10 cents a line, each insertion, or \$1.20 an inch, or \$45 an inch a year. In Daily, the same for one insertion; three insertions, \$2.25; one week, \$3.37; one year, \$30. No extra charge for non-objectionable cuts, but they must be on solid metal body. Specimen copies sent free on application.

No advertisements inserted for less than \$1.

JOHN B. CLARKE, Manchester, N. H.

GLOBE NEWSPAPER CO., Boston, Mass.

Statements of those who have Tested, and now Advertise in the Boston Globe.

IT ALWAYS PAYS.

Within a year I began to advertise "Carboline" in New England, and started in the "Boston Daily and Sunday Globe." For two months I did not use any other paper in New England. The sale was started in splendid style. Since then I have used the "Globe," and it *always pays*. I have just made a contract for a year, and am willing to pay a good price for such a first class medium.

March 29, 1879.

R. M. KENNEDY, Pittsburg, Pa.

FROM WEEKS & POTTER.

The "Boston Daily Globe" is now both a morning and evening paper (printing eight editions dally), and we use it freely in advertising in New England, deeming it one of the best mediums in this section.

Boston, April 9, 1879.

WEEKS & POTTER.

A STRONG BUT SUCCESSFUL TEST.

"On arriving in Boston, March 5, 1877, to introduce the Holman Liver Pad into New England, I began by inserting an advertisement in the 'Boston Daily Globe.' As the advertisement was in only one newspaper the first two days, it was a strong test. I was both surprised and gratified at the results, as on the day the advertisement appeared, I was kept busy in my new office till evening by the patrons who came in direct answer to 'The Globe' advertisement. And the same result continued. I never opened business more successfully, or under more auspicious circumstances, and have never met a finer set of people, or a more desirable class of customers than came to me through my advertisement in 'The Boston Daily Globe.'"

HOLMAN LIVER PAD CO.,

By D. W. FAIRCHILD, Proprietor.

IT PAYS EVERY DAY.

We are getting orders every day from every state in the Union. The "Weekly Globe" is one of the very best mediums we have ever utilized.

Boston, Aug. 1, 1878.

JORDAN, MARSH & CO.

THE LADIES ALL READ IT.

Continue our advertisement of Crystal Blue until we stop it. We are so well satisfied with "The Weekly Globe," we shall look upon our advertising bill as necessary as our rent.

H. SAWYER,

Proprietor Sawyer Crystal Blue.

As a medium through which to reach the Subscription Book Agents, we consider, with our experience in advertising, that "The Boston Weekly Globe" is the medium—second to none.

THE SUN

A MILLION A WEEK.

By Mail Daily \$6⁵⁰ Sunday \$1²⁰
WEEKLY \$1⁰⁰ PER YEAR.

PUBLISHED BY J. W. ENGLAND, Publisher,
N. Y.

FOR SALE BY ALL NEWSMEN.

THE SUN FOR 1880.

THE SUN will deal with the events of the year 1880 in its own fashion, now pretty well understood by everybody. From January 1 until December 31 it will be conducted as a newspaper, written in the English language, and printed for the people.

As a newspaper, THE SUN believes in getting all the news of the world promptly, and presenting it in the most intelligible shape—the shape that will enable its readers to keep well abreast of the age with the least unproductive expenditure of time. The greatest interest to the greatest number—that is the law controlling its daily make-up. It now has a circulation very much larger than that of any other American newspaper, and enjoys an income which it is at all times prepared to spend liberally for the benefit of its readers. People of all conditions of life and all ways of thinking buy and read THE SUN; and they all derive satisfaction of some sort from its columns, for they keep on buying and reading it.

In its comments on men and affairs, THE SUN believes that the only guide of policy should be common sense, inspired by genuine American principles and backed by honesty of purpose. For this reason it is, and will continue to be, absolutely independent of party, class, clique, organization, or interest. It is for all, but of none. It will continue to praise what is good and reprobate what is evil, taking care that its language is to the point and plain, beyond the possibility of being misunderstood. It is uninfluenced by motives that do not appear on the surface; it has no opinions to sell, save those which may be had by any purchaser with two cents. It hates injustice and rascality even more than it hates unnecessary words. It abhors frauds, pities fools, and deplores nincompoops of every species. It will continue throughout the year 1880 to chastise the first class, instruct the second, and discountenance the third. All honest men, with honest convictions, whether sound or mistaken, are its friends. And THE SUN makes no bones of telling the truth to its friends and about its friends whenever occasion arises for plain speaking.

These are the principles upon which THE SUN will be conducted during the year to come.

The year 1880 will be one in which no patriotic American can afford to close his eyes to public affairs. It is impossible to exaggerate the importance of the political events which it has in store, or the necessity of resolute vigilance on the part of every citizen who desires to preserve the Government that the founders gave us. The debates and acts of Congress, the utterances of the press, the exciting contests of the Republican and Democratic parties, now nearly equal in strength throughout the country, the varying drift of public sentiment, will all bear directly and effectively upon the twenty-fourth Presidential election, to be held in November. Four years ago next November, the will of the nation, as expressed at the polls, was thwarted by an abominable conspiracy, the promoters and beneficiaries of which still hold the offices they stole. Will the crime of 1876 be repeated in 1880? The past decade of years opened with a corrupt, extravagant, and insolent Administration intrenched at Washington. THE SUN did something toward dislodging the gang and breaking its power. The same men are now intriguing to restore their leader and themselves to places from which they were driven by the indignation of the people. Will they succeed? The coming year will bring the answers to these momentous questions. THE SUN will be on hand to chronicle the facts as they are developed, and to exhibit them clearly and fearlessly in their relations to expediency and right.

Thus, with a habit of philosophical good humor in looking at the minor affairs of life, and in great things a steadfast purpose to maintain the rights of the people and the principles of the Constitution against all aggressors, THE SUN is prepared to write a truthful, instructive, and at the same time entertaining history of 1880.

Our rates of subscription remain unchanged. For the DAILY SUN, a four-page sheet of twenty-eight columns, the price by mail, post paid, is 55 cents a month, or \$6.50 a year; or, including the Sunday paper, an eight-page sheet of fifty-six columns, the price is 65 cents a month, or \$7.70 a year, postage paid.

The Sunday edition of THE SUN is also furnished separately at \$1.20 a year, postage paid.

The price of the WEEKLY SUN, eight pages, fifty-six columns, is \$1 a year, postage paid. For clubs of ten sending \$10 we will send an extra copy free. Address
